and Unified Judicial System's SB70 Implementation Status

Senate Bill 70: An Act to Improve Public Safety  
Implementation Status  
**September 2014**

**Department of Corrections**

The Department of Corrections (DOC) has created a CJJ work plan and distributed the items of responsibility to implementation teams. This was done to organize the major components of the CJJ initiative that DOC has either implementation responsibilities for or will experience impacts as a result of the change/reform. The teams were each assigned a team lead, and that individual is responsible for selecting team members and organizing/distributing duties and responsibilities. Each team is tasked with creating a workgroup charter and providing monthly status reports.
